

DocuSign Agreement Cloud for **K-12 Education**

Spend time on your students, not on piles of paperwork.

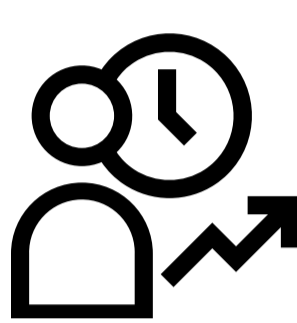

The cost of paperwork to your school district is high.

\$20k

Hiring new teachers is costly

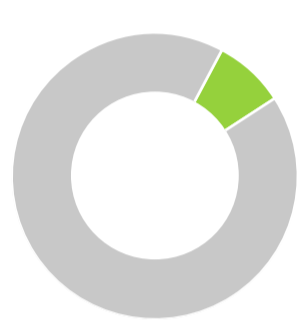

The cost of each new teaching hire is \$20,000.¹

400+

Overtime hours

Teachers work more than 400 hours of overtime annually, mostly unpaid.²

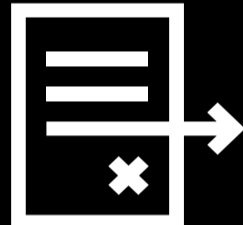

8%

Leave teaching annually

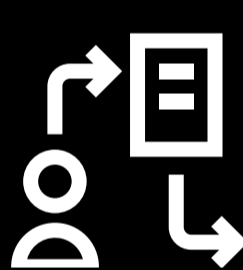

Nearly 8% of the teaching workforce is leaving every year, the majority before retirement age.³

The DocuSign Agreement Cloud reduces the cost and hassle of paperwork.

Streamline business processes:

- Close more contracts.
- Hire and onboard new and returning teachers quickly.
- Efficiently manage facilities and district property.

Improve the parent-teacher-student experience:

- Speed up the enrollment process.
- Digitize all student forms.
- Accept payments for school trips, after-school programs, and more.

Reduce regulatory burden and risk:

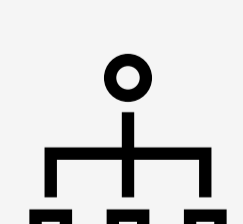

- Keep student data safe and FERPA and COPPA compliant.
- Manage paperwork digitally across internal and external stakeholders for 504 plans, IEPs, and other critical documentation.
- Automate document retention and keep records both safe and accessible from anywhere, with a complete audit trail.

Metro Nashville Public Schools processed over 220 additional contracts per year using DocuSign—a 90% increase.

Adlai Stevenson High School reduced time spent issuing student guidebooks from 35 hours to just 7, using DocuSign eSignature.

DocuSign integrates with over 350 systems where business gets done. They include Google, Microsoft, PowerSchool, and more.

Ready to spend more time focusing on your students' needs and less time on paperwork?

Choose DocuSign.
