

## Getting Started with DocuSign CLM Essentials

### Build the foundation for your CLM transformation with speed and confidence

Unlock value and transform how you do business with pre-configured and purpose-built implementation services designed to help you accelerate your time to value. With our Getting Started with DocuSign CLM Essentials services engagement, we will focus on:

- Preconfigured processes
- Prescriptive training
- Proven methodology

#### Services engagement scope

As part of this services engagement, DocuSign's Professional Services team will perform the following activities:

<b>Initiation, design &amp; discovery</b>	Deliver pre-implementation checklist and onboarding engagement to ensure customer readiness as well as facilitate project kickoff with the delivery team.
<b>Build &amp; configure</b>	Configure solution inclusive of migration <sup>1</sup> of up to 50K documents, agreement template building, deploy configured workflow, reviews and sign-off.
<b>Agreement routing &amp; generation</b>	Configure one workflow to generate and route up to four (4) agreements (with up to 15 merge fields), including internal reviewer approval and counterparty signature with DocuSign eSignature.
<b>Testing &amp; deployment</b>	Provide testing guidance to test and validate your configuration in a sandbox environment and assist the DocuSign Administrator to deploy the solution to production.
<b>Training &amp; enablement</b>	Deliver training from DocuSign University including self-paced courses for both End Users and Administrators to build foundational CLM Essentials knowledge and expertise.
<b>Optimization &amp; growth</b>	Provide post-onboarding engagement, best practices, resources and expertise to drive adoption and help you realize more value over time.
